Proposed settlement total amount €2.9bn
Proposals to the Government

Proposed settlement

- On last 5 March proposed a comprehensive settlement to solve disputes raised after Genoa incident (€2.9bn total amount)

Early termination

- Review of early termination clause forced by DL 162/2019 (so called “Milleproroghe”)
  - Indemnification based on fair market value of asset
  - Effective termination upon payment of the indemnification
- The unilateral review forced by the Milleproroghe Decree caused a multi notch downgrade by rating agencies thus preventing necessary access to capital markets

Approval of new Economic and Financial Plan ("PEF")

- On last 8 April submitted new PEF to the Grantor as requested by DL 162/2019
- Drafted on the basis of Transport Authority guidelines as reasonably applied in view of best market standards
- Planned return to an investment grade rating, as part of a supportive regulatory framework, in order to finance proposed investments
- Requested forms of compensation for Covid-19 impact consistently with the new envisaged tariff mechanism
